Knights-Summers.

Mr. Carl E. Knight, of Memphis, and Miss Mattie Summers, of Hornbeak, were married in Union City on Monday, the 10th inst., by Rev. E. M. Mathis at the Methodist parsonage. The marriage took place at 2 o'clock and the bride and groom left immediately for Memphis to locate.

Man Loses Hope

"For ten years I suffered severely from stomach trouble. The doctors said I had cancer of the stomach and nothing would do but an operation. I took my last round of May's Wonderful Remedy 2 1/2 years ago. Since then I sleep well, eat what I want and feel fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Oliver's Red Cross Drug Store and druggists everywhere.

A Letter From Clark Williamson.

Dear Union City Endeavorers:—Isn't it nice and warm? Fine weather to work and do lots of it. I heard a fellow complaining about the hot weather the other day, and if he had been a Christian Endeavorer and could have understood, I would have told him that this hot weather will make our pocket books fat when we sell all our tomatoes and corn and cotton, and that some of those shekels will come in handy when we go to buy our tickets to Knoxville next fall. Strange that we hadn't thought this hot weather is helping to bring about a successful convention.

And that's exactly what I'm going to talk to you about; preparing for our coming State convention. You probably remember that at last year's convention old Northwest District just naturally ran away with everything—led all other districts in work accomplished and hung up a big name for herself. That was some record for a district less than a year old, but we did it, even if some did call us "Podunk." But man, listen: we stirred up the other districts and they're fighting like a swarm of those English yellow jackets. Now, their buzzing won't hurt us if we stay far enough away from them, but if we lag a bit we might be stung. And that would hurt.

We have been going good ever since last October and I haven't a reason to complain of the work our district is doing. In fact, I'm almost getting "stuck up" being President of a district that has so many real live Endeavorers who are doing things. But I do see a few places where improvements could be made, and it is in these places that we might be stung by other districts pushing ahead of us.

You are familiar, I'm sure, with our district goals; they've been presented to you more than once, but I'm sending five of them at this time in order that you may look over them carefully and see if your society is doing all that is possible to keep Northwest in the lead. There are

two other goals that your society will want to put over for us, but they will be presented later. You may have already gone over the top with some of these goals, and it may be impossible for your society to carry out others, but let's remember that it is ABSOLUTELY NECESSARY that we do our very best before we say "Impossible." Sincerely,
CLARK WILLIAMSON.
Newbern, Tenn., July 1.

Card of Thanks.

We want to thank our many friends and neighbors who were so kind to and good to us in our dark hour of trouble. We thank every one who sent flowers, and we pray that such sorrows may never come into your homes.—Mr. and Mrs. P. A. Lip-pard and children.

McQUAY-NORRIS PISTON RINGS Give Your Car More Power

Worn or leaky piston rings waste motor power and fuel. Gas that leaks past them is absolutely thrown away. It pays to replace them with McQuay-Norris Piston Rings—pays in more power, lower fuel bills, and less carbon trouble. Regardless of where you plan to have your car

repaired, you can secure a quicker job by ordering McQuay-Norris Piston Rings, because we can supply the proper sizes and over-sizes. Made for every purpose and price, McQuay-Norris Rings will pay for themselves in more motor power and lower fuel bills.

We Carry a Complete Service Stock
CITIZENS AUTO CO., Union City, Tenn.

\$1.25 LEAK-PROOF—An exclusive two-piece design, preventing loss of gas and compression. Gives equal pressure at all points on cylinder walls. For all piston grooves except top, which should have Superoil. Each ring packed in a parchment container.

\$1.00 SUPEROIL—Keeps lubricating oil out of combustion chamber. Collects excess oil on each down stroke of piston, and empties on each up stroke, which ordinary grooved rings cannot do. Each ring packed in a parchment container.

50c JIFFY-GRIP—A one-piece ring. Non-butt joint, which can be fitted closer than ordinary step cut—valve finish—quick setting. "Seals in a jiffy." To keep them clean and free from rust, each ring is packed in an individual glassine envelope.

Snap Rings—of the highest grade. Raised above the average by McQuay-Norris manufacturing methods. Their use insures all the satisfaction possible for you to get from a plain snap ring. They are packed twelve rings to the carton and rolled in waxed paper.
